Dearest Loved one

I answered

to your very highly appreciated letter
and it affords me more pleasure to
have a letter from you than anyone on
this globe, for one I love I always
am glad to hear from them and
know they are having a good time
I don't suppose you call dropping care
a good time do you, Sweet heart, If so
I will buy me a farm and go to
farming myself in Arkansas by my
love self as no one will go with me
and help me to farm, I always
like to have a partner or an
excuse to go with me to any place,
